Miguel Baldacchino

JUNIOR FRONT-END DEVELOPER

Malta | miguelbaldacchino625@gmail.com | GitHub | Portfolio coming soon

PROFESSIONAL SUMMARY

Aspiring front-end developer focused on building responsive, accessible and polished web experiences. Developing practical skills with React, TypeScript, JavaScript and modern CSS, with an interest in clean code, reusable components and thoughtful user interfaces. Seeking a junior opportunity to contribute, learn from an experienced team and continue growing as a front-end developer.

TECHNICAL SKILLS

Languages	HTML5, CSS3, JavaScript, TypeScript
Frameworks & libraries	React, Next.js
Tools	Git, GitHub, VS Code, Vite, Chrome DevTools, React DevTools
Practices	Responsive design, semantic HTML, reusable components, CSS Modules, accessibility fundamentals, clean and maintainable code

PROJECTS

Personal Developer Portfolio

React · TypeScript · CSS Modules · Vite

• Building a responsive portfolio to present front-end projects, skills and contact information.

• Using reusable React components and typed data to keep the UI organised and maintainable.

• Evaluated the production build with Lighthouse and improved the site’s performance score.

Live demo: Not yet deployed | GitHub: add repository URL
